Everybody On

HP Touchstone Charging Dock

The perfect high-style accessory

Flexible, compact and elegant, and made with premium materials, the HP Touchstone Charging Dock is a style accessory that looks great on any desk. And it's the easiest way to charge your HP TouchPad.

- **Adjustable viewing angles**
  How do you want to view your HP TouchPad, while it's charging: landscape or portrait? No problem. With the HP Touchstone Charging Dock, simply adjust the back of the pedestal to get different angles, from wide to narrow – and carry on working.
- **As flexible as they come**
  The rubbery surface of the HP Touchstone Charging Dock grips your TouchPad so it won't slip, and has a lip to hold the base steady. Plus, you can activate Touchpad functions that are relevant to exactly where you are, thanks to Exhibition mode.
- **Cutting the cords**
  Why get tangled up in wires? The HP Touchstone Charging Dock charges your HP TouchPad wirelessly, directly through the AC power adapter. Just place the tablet into the dock – and that's it. Ready to go.
